

AOAC International ~ Pacific Southwest Section 2020 Annual Meeting

March 24-25, 2020

Robert Mondavi Institute for Wine and Food Science
University of California, Davis

Emerging Technologies in Analytical Chemistry and Microbiology

Jenny Lester Moffitt, California Department of Food and Agriculture – Tuesday Keynote

Henry Chin, President, AOAC International Board of Directors – Wednesday Keynote

Hong You, Eurofins Supplement Analysis Center, *Adulteration in Nutraceuticals and Dietary Supplements*

Wiley Hall, Safe Food Alliance, *Contaminants in Walnuts using CE-MS*

Erin DiCaprio, UC Davis, *Novel Approaches to Reduce Contamination of Produce by Foodborne Viruses*

Barbara Cassens, FDA/ORA, *Partnering into the Future*

Andrew Patterson, Eurofins TestAmerica, PFAS

Wallace Yokoyama, USDA-ARS, *Antioxidant Content of Wine Polyphenolics*

Gordon Walker, Flotek, *Redox as a Process Parameter for Wine Making*

Hui Chong, E&J Gallo, *Wine Macromolecule Characterization using Gel Permeation Chromatography*

Stephan Sommer, CSU Fresno, *Flow Cytometry to Monitor Yeast during Fermentation*

Zach Eisenberg, Anresco Laboratories, *Cannabis Testing Laboratory Accreditation Program*

Florence Wu, AEMTEK, *Laboratory Validation Processes*

Pavel Aronov, Impossible Foods

Ruth Timme, FDA/CFSAN, GenomeTrakr: *WGS Network for Foodborne Pathogen Surveillance*

Thomas B. Pickens III, 1st Detect, *Custom Analytical Solutions for Challenging Environments*

Miles Murphy, Bruker Corporation, *FT-IR for Bacterial Strain Typing*

Jarod Grossman, Agilent, *Measuring Glyphosate and Polar Pesticides using LC/MS/MS*

And more!
